B BOTRON

Overview:

Botron's B0948 ESD Safe Tool Box is a sturdy, static safe container. It features a heavy duty recessed handle and positive action latch. An inner lift-out tray fits neatly inside for additional storage while a convenient padlock tab keeps your contents safe. The B0948 is made of a conductive polypropylene and features a bright yellow ESD logo, making it the perfect storage solution for your personal tools and equipment. When you are using a bench of your own or traveling to another cleanroom or ESD work area, the B0948 is built to handle any situation.
