

Models 72906 Mini SMD Grabber Test Clips

Mini SMD Grabber Test Clips

Features

- Designed for easy attachment to SMD chips with pitches down to 0.032" (0.80 mm)
- Insulated shaft can be bent up to 36 degrees for versatile attachment in awkward locations or close proximity to other clips
- Rotating jaws increase versatility in connection and stacking.
- Thin (3mm) profile allows close placement to adjacent clips.
- Compatible with leads with Ø0.8 mm female connectors
- Order Pomona model number 72905-0 for clip lead for SMD Mini Grabber - 0.8mm female/4 mm female for easy attachment to standard test leads.

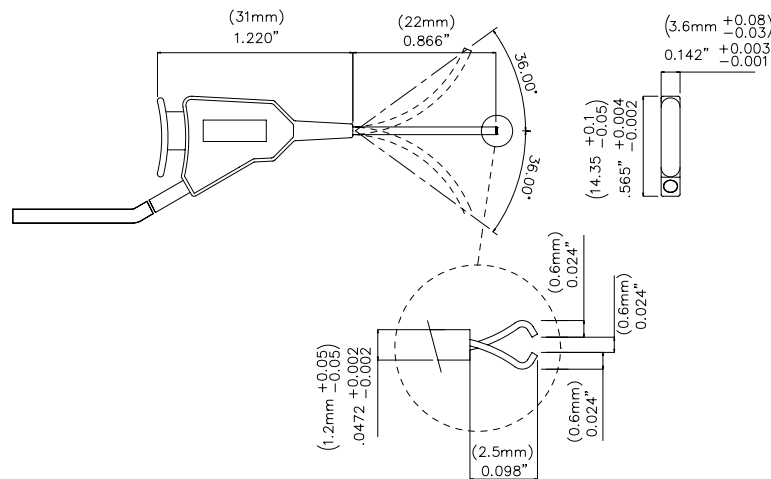

Materials

- Insulation: Polyamide
- Jaws: Steel

Ordering Information

Model: 72906-Color

Available colors: Black (-0), Red (-2)

Specifications

Max Current Admissible	1A
Voltage; Max - Tension	33 V AC / 70 V DC
Temperature	-20° C + 80° C
Max Resistance	Less than 15 mΩ

Rating: *hands free testing* in controlled environment: 70Vrms max. For CE compliance: Not intended for hand-held use at voltages above 33Vrms/70Vdc
