Selection Guide

Crimping Tools

How to....

What You'll Need:

Crimper & Die

Wire Stripper

Ferrules & Terminals

Cutters

Wire

Crimping Wire Ferrules:

Aven offers 3 dies for crimping wire ferrules
10178, 10179 & 10187

Step 1:
Place cord terminal in correct spot on die

Step 2:
Once terminal is secure into crimpers, slide wire into terminal

Step 3:
Close the crimper to crimp terminal to wire

Crimping Insulated Terminals:

Aven offers 2 dies for crimping insulated terminals
10188 & 10189

Step 1:
Place insulated terminal in correct spot on die

Step 2:
Once terminal is secure into crimpers, slide wire into terminal

Step 3:
Close the crimper to crimp insulated terminal to wire

Crimping Heat Shrink Connectors:

Aven offers 1 die for crimping heat shrink connectors
10190

Step 1:
Place connector into correct spot on die, insert wire and crimp

Step 2:
Place second wire into other side of connector and crimp

Step 3:
To secure both wires place connector under heat

Electrician Scissors & Stripping Blades

Multi-Purpose Electrician Scissors Kit W/Scissors and Blade
Item #11010

This kit includes two popular electricians tools: Multi-Purpose Scissors with a wire stripping groove embedded into the blade, and a cable stripping knife. Includes a nylon belt pouch for easy access to the tools.

Electrician Cable Stripping Blade W/ Blade Protector
Item #11015

Featuring a stainless steel blade ideal for stripping and peeling cable wire. The blade protector doubles as a handle for securing cable wire. Features an ergonomic handle for comfortable repetitive use.

Multipurpose Electrician Scissors W/Wire Stripper
Item #11011

Featuring a notched blade for securely holding wire for stripping, a serrated blade edge and ergonomic, plastic grips for comfortable handling, this two-in-one cutting and stripping tool effortlessly cuts and strips soft cable wire.

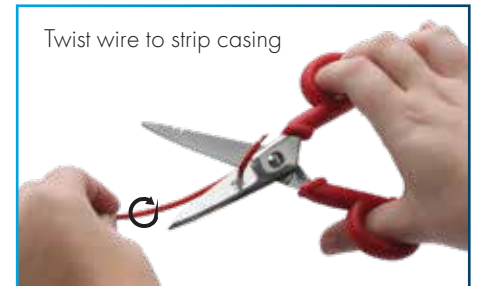

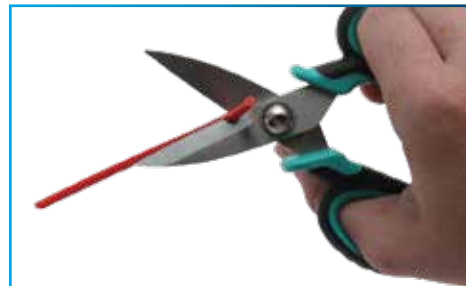

Electrician Scissors W/ Wire Stripping Slots & Plastic Grips
Item #11013

Featuring two slots and a notched blade for easily stripping wire and plastic comfort handles ideal for repetitive use.

5" Stainless Steel Scissors W/Wire Stripper
Item #11012

These general-purpose electricians scissors are designed for heavy duty use. The 5" Electrician Scissors are notched to strip 23 to 19 AWG wire. The 2" stainless steel cutting blade features a scraper and file on the back edge of the blade.

CR-V Steel Insulated Set - 24pcs

Item #WD541

24 piece insulated tool kit, specifically engineered for electrical work.
In accordance with IEC 60900:2004 standard and with VDE & GS approved

Kit Contents

- 7 Wrenches (Single opened End)
- 1 Pliers (Lineman)
- 1 Pliers (Diagonal)
- 3 Screwdrivers (Slotted)
- 4 Screwdrivers (Phillips)
- 7 Sockets 1/2"
- 1 Wrench (Sliding T)

Tool	Size
Wrench, Single Open End	10, 11, 12, 13, 14, 17, 19mm
Pliers, Lineman	8"
Pliers, Diagonal Cutting	6"
Slotted Screwdriver	3*50, 4*100, 5*100mm
Phillips Screwdriver	#0*50, #1*75, #2*150, #1*100mm
Socket 1/2"	10, 11, 12, 13, 14, 17, 19mm
Sliding T Type Wrench	1/2"
