

Botron High Quality Type RC **B4723** Relax Comfort anti-fatigue mats and rolls in two thickness 5/8" and 1". The unique molded domed surface provides the simplest and most effective way to reduce worker fatigue. The conductive top surface with a sponge base encourages subtle movement of leg and calf muscles which in turn promotes blood flow. We offer many sizes (see below). When you need to stand on the floor this product provides a static safe anti fatigue work area. Meets ANSI/ESD and EIA-625 ESD standards. Cut mats come with **B9201** floor ground; rolls do not come with grounding hardware. **Disclaimer.** All statements of technical information are believed to be true and are based upon tests we believe to be reliable. The proper use and application for this product must be the responsibility of the user. The statements herein shall have no force or effect.
